Subject: GWP Solar Solutions Program

Dear Solar Contractor,

Thank you for your interest in Glendale *Water & Power's* Solar Solutions Program. We have received an unanticipated amount of applications this year, and unfortunately we are unable to offer you the solar rebate at this time due to program incentive limitations. Solar Solutions applications received before July 27, 2010 will be processed. All applications received after this date will be added to our waiting list.

New funding for our Solar Solutions Program will be available July 1st 2011. We will contact you at the beginning of June 2011, and request you provide additional documents as necessary to process the solar incentive. Please be aware that 2011 funding will also be limited. Applications will be picked up for processing off the waiting list in the order they were placed. For more information on our Solar Solutions Program, visit our web site at www.GlendaleWaterandPower.com or call the Solar Solutions Program at (818) 548-2750.

Best regards,

Ani Zargaryan
