# Introduction and Key Information

## About Our Rates

Clean Power Alliance's 2019 residential rates are established to meet standard bill comparison targets approved by our Board of Directors (1-2% cost savings for Lean Power, 0-1% savings for Clean Power, and 7-9% cost premium for 100% Green Power). These overall bill savings or premium—depending on which rate option the customer chooses—are in comparison to Southern California Edison's current base rates. Southern California Edison has proposed an increase of at least 12% to its base generation rates for 2019, as well as an increase to the exit fee charged to Clean Power Alliance customers, in order to make up for power market losses SCE experienced in 2018. If approved by the California Public Utilities Commission, Southern California Edison will likely implement these rate increases by April 2019. At that time, Clean Power Alliance will adjust its rates accordingly to continue to deliver the Board-approved bill comparison targets to our customers, offering cleaner power at competitive rates. Any future changes to Clean Power Alliance rates will be adopted at public meetings of our Board of Directors.

The rates shown in this document are for electric generation/supply only. Please visit [SCE.com](http://SCE.com) for delivery rates and schedules.

## Rate Period Definitions

### Seasons

- **Summer:** season shall commence at 12:00 a.m. on June 1 and continue until 12:00 a.m. on October 1 of each year.
- **Winter:** season shall commence at 12:00 a.m. on October 1 of each year and continue until 12:00 a.m. on June 1 of the following year.

### Holidays

Applicable holidays for rate time periods are as follows: New Year's Day (January 1), Presidents' Day (third Monday in February), Memorial Day (last Monday in May), Independence Day (July 4), Labor Day (first Monday in September), Veterans Day (November 11), Thanksgiving Day (fourth Thursday in November), and Christmas Day (December 25).

When any holiday listed above falls on Sunday, the following Monday will be recognized as a holiday. No change will be made for holidays falling on Saturday.

## 100% Green Power Default Jurisdiction Rate

The rate for customers in Clean Power Alliance jurisdictions that selected **100% Green Power** as their default includes a small additional premium.<sup>1</sup> This additional premium provides funding to allow qualified customers in those jurisdictions that participate in financial assistance programs to receive **100% Green Power** at the same rates as they would have paid to Southern California Edison (SCE), including the discount provided by the financial assistance program. These programs are California Alternate Rates for Energy (CARE), Family Electric Rate Assistance (FERA), and Medical Baseline Allowance. Clean Power Alliance is committed to giving every customer the opportunity to be a champion for clean energy, as well as ensuring our customers have choices when it comes to their energy needs. At any time, customers can choose to move to our **Clean Power** option, which provides 50% renewable energy content at cost-competitive rates, or our **Lean Power** option, which provides 36% renewable energy content and offers a rate savings compared to SCE base rates. Customers can change their rate option by contacting our Customer Service Center at 888-585-3788, or visiting our website at [www.cleanpoweralliance.org/rate-options](http://www.cleanpoweralliance.org/rate-options).

---

<sup>1</sup> This additional premium translates to an approximate 0.6% bill increase. Jurisdictions that selected 100% Green Power default for 2019 are Culver City, Ojai, Oxnard, Rolling Hills Estates, Thousand Oaks, Santa Monica, South Pasadena, Unincorporated Ventura County, Ventura, and West Hollywood.

# Rate Key

Your Clean Power Alliance rate schedule may not match your SCE rate, as Clean Power Alliance offers simplified, consolidated rate options. This will not impact your service, billing, or CARE/FERA status.
